Andrea,

Note the attached. These are the documents in my Word inventory concerning the Explosives Unit. This does not include a few really ancient documents (except for the attached 21 KB) which I have retained in a hanging folder. I think we should pay particular attention to " BFP Support---The New Needs Program Re the Explosives Unit (17KB)" which speaks to OT usage as you mentioned to me the other day. Note the DOB-Explo.doc (21 KB) as a point of interest. This was pre-911 when Rudy G. wanted to merge the DOB with the BFP! ☺ ----- Bob

P.S.---Most importantly...I hope things went well yesterday...
